

High Speed Internet Service Terms and Conditions

The Terms of Service in this Agreement (the "Agreement") are entered into by and between the subscriber ("you," "your" or "Subscriber") and Linq Banq, Inc., d/b/a Fyberz ("Fyberz," "us" or "we"). You are deemed to have accepted this Agreement upon the earliest of: (a) your submission of an order; (b) your accepting the terms and conditions electronically during the ordering process; or (c) your use of the Service (as defined herein). This Agreement includes the terms set forth herein, the Acceptable Use Policy, the Privacy Policy, and all other materials specifically referenced in this Agreement, all of which are incorporated by reference herein. This Agreement sets forth the terms and conditions under which you agree to use the Service.

1. SERVICE

Fyberz will provide you with dedicated access to the Internet, subject to the terms and conditions set forth herein (the "Service"). Speeds on the various plans may vary depending on many factors, including but not limited to distance from the local service provider's central office, internet congestion, upload and download speed of your destination server. Service is provided in conjunction with a circuit provider, which may be your local phone company. The circuit provider retains the right to cancel the service before or after installation at their sole discretion at any time. Although pre-qualification provides a good measure of certainty regarding service availability, it is not a guarantee of service. We recommend waiting until service is installed and tested for a few days before assuming that service will be available and of good quality.

2. SUBSCRIBER INFORMATION

You acknowledge that you are eighteen (18) years of age or older, and you agree that you have the legal authority to enter into this Agreement and affirm that the information you supply to us is correct and complete. You understand that Fyberz relies on the information you supply and that providing false or incorrect information may result in Service delays or the suspension or termination of your Service. You agree to promptly notify Fyberz whenever your personal or billing information changes, including without limitation, your name, address, telephone number, and credit card number and expiration date, if applicable.

3. GENERAL PRICING AND FEES

Fyberz's prices are shown in the Products section of the website, www.fyberz.com. Prices may change based on the Plan and Options you select during the ordering process. A Subscriber who selects a "Month to Month" Plan (a "Monthly Subscriber"), if available, will pay the monthly price(s) listed on the Pricing Schedule corresponding to the Plan and Options chosen by such Monthly Subscriber at the time of order. However, such monthly prices are subject at any time to increase to Fyberz's then current prices. A Subscriber who selects a "6-Month Contract" Plan (a "Semiannual Subscriber") will pay the semiannual price(s) listed on the Pricing Schedule corresponding to the Plan and Options chosen by such Semiannual Subscriber at the time of order. Such prices for Semiannual Subscribers are guaranteed for the initial six (6) month Term. A Subscriber who selects a "1-Year Contract" Plan (an "Annual Subscriber") will pay the annual price(s) listed on the Pricing Schedule corresponding to the Plan and Options chosen by such Annual Subscriber at the time of order. Such prices for Annual Subscribers are guaranteed for the initial twelve (12) month Term. Following the initial length of the Term, a Semiannual or Annual Subscriber will pay Fyberz's then current prices, subject to increase as described above, unless such Subscriber registers for a new "6-month Contract" or "1-Year Contract" Plan at such time, to the extent available.

In addition to regular fees set forth in the Pricing Schedule, you agree to pay all other charges, including but not limited to applicable taxes, network usage and surcharges, including charges imposed against Fyberz by third party providers that it passes on to you. The taxes and surcharges may vary on a monthly basis; any variations will be reflected in your monthly charge.

4. SETUP AND INSTALLATION FEES

Upon entering into this Agreement, a non-refundable installation fee of seventy-five dollars (\$75.00) will apply to you. This fee is subject to change with no prior notice.

5. PAYMENT, LATE FEES AND OTHER CHARGES

There is no money back guarantee for any Services unless specifically written in a special one-time promotion. There are no pro-rated refunds for unused time, including for prepaid plans, such as semiannual or annual plans. Unless otherwise stated in the Pricing Schedule, Fyberz will invoice Subscribers periodically.

a. "Month to Month" Plan

Invoices will be on a full calendar month basis. New Subscribers who enter into this Agreement after the first day of any month will be billed on a pro-rated basis for their first month of Service and thereafter on a full calendar month basis. Subscribers agree to pay within twenty (20) days from receipt of an invoice. If a Subscriber does not pay an invoice within such twenty (20) day period, Fyberz may deny, discontinue or otherwise suspend such Subscriber's Service until full payment is received. Subscribers are responsible for paying monthly subscription fees while Services are suspended due to non-payment. All accounts suspended for non-payment are subject to a ten dollar (\$10.00) re-activation fee. Subscribers are responsible for any disputed charges beyond sixty (60) days from the date of the charge. Any account which goes into collection status will be transferred to a collection agency and incur a twenty-five dollar (\$25.00) processing fee and all other applicable fees and charges. Subscribers must pay a twenty-five dollar (\$25.00) service charge on all returned checks, disputed credit cards, and credit card chargebacks. Past due accounts will accrue a monthly charge of one and one-half percent (1.5%) of the past due balance or one dollar (\$1.00), whichever is greater.

b. "6-Month" or "1-Year" Contract Plan

No monthly invoice may be generated per the mentioned plans. Because prepayment of full due amount is collected at the time order, customers are not subject to any late fees or related charges.

6. EQUIPMENT

Fyberz will provide a Subscriber with the free use of a modem or modem with router functionality. Subscriber must return to Fyberz the complete modem kit in a useable condition at Subscriber's expense within thirty (30) days of termination of the Service by Subscriber or Fyberz. Subscriber must pay one hundred dollars (\$100) plus applicable taxes to purchase any modem Subscriber does not return to Fyberz in working condition within such thirty (30) day period.

7. SOFTWARE

In connection with our provision of the Service, we may provide to you, via download, CD, other media, or other delivery method, the use of certain software which is owned by Fyberz or its third party licensors, providers and suppliers, and which may be provided free or for a fee, including client and/or network security software (the "Software"). We reserve the right to update or change the Software from time to time and you agree to cooperate in performing such steps as may be necessary to install any updates or upgrades to the Software. You may use the Software only as part of or for use with the Service and for no other purpose. The Software may be accompanied by an end user license agreement from Fyberz or a third party. Your use of the Software is governed by the terms of that license agreement and by this Agreement, where applicable. You may not install or use any Software that is accompanied by or includes an end user license agreement unless you first agree to the terms and conditions of the end user license agreement

8. TERM

This Agreement is effective upon Subscriber's acceptance as provided above and shall continue until terminated by Subscriber or Fyberz pursuant to this Agreement.

Each Monthly Subscriber is on automatically renewing monthly terms beginning on the first day of each calendar month (or, for the first monthly term, the full or partial month beginning with Subscriber's acceptance as provided above).

A Semiannual or an Annual Subscriber is on a six (6) month or twelve (12) month term, respectively, beginning on the day such Subscriber accepts the terms of this Agreement as provided above. A Semiannual or an Annual Subscriber who upgrades or downgrades to a "Month to Month" rate during their initial Term pursuant to section 3, shall continue to be on the same six (6) or twelve (12) month Term. A Semiannual or an Annual Subscriber who upgrades or downgrades to a "6-Month Contract" or "1-Year Contract" Plan during their initial Term pursuant to section 3, shall begin a new initial six (6) or twelve (12) month Term on the date of such upgrade.

9. TERMINATION BY SUBSCRIBER

Subscriber may terminate this Agreement at any time for any reason by providing Fyberz with a thirty (30) day written notice in the form of a valid written termination request and paying all fees and other charges accrued or otherwise payable under the terms of this Agreement. Such thirty (30) day period begins on the date on which Fyberz receives Subscriber's valid written termination request. A Monthly Subscriber's termination will be effective on the later of (a) the end of last day of the calendar month during which such thirty (30) day period ends (e.g., a valid written termination request received by Fyberz any time during January will result in termination effective at the end of February) or (b) the end of last day of the calendar month requested by the Monthly Subscriber.

A Semiannual or an Annual Subscriber's termination will be carried out automatically at the end of the term, unless prepayments of the following terms, either 6-Month or 1-Year is received by Fyberz prior to the date of termination. Because of its pay-as-you-go nature of the product, no notification of termination may be delivered to the Subscriber.

A written termination request is valid only if it includes your DSL phone number, main username, date you wish the service to be cancelled and the reason for canceling and is submitted using one of the following methods:

- a. Via email to: support@fyberz.com
- b. Via fax at: 510-654-7120
- c. Via mail to: Fyberz
Attn: Customer Support

10. TERMINATION BY FYBERZ

If, in Fyberz's sole discretion, (a) a Subscriber is in breach of any of the terms of this Agreement (including but not limited to the Acceptable Use Policy); (b) a Subscriber's use of the Service is prohibited by law or is disruptive to, adversely impacts or causes a malfunction to the Service, Fyberz's servers or other equipment, or the use and enjoyment of other users; (c) a Subscriber acts in an abusive or menacing manner when dealing with Fyberz's technical support staff, customer service staff or any other Fyberz employees or representatives; (d) Fyberz receives an order from a court to terminate a Subscriber's Service; or (e) Fyberz for any reason ceases to offer the Service, then Fyberz at its sole election may terminate or suspend such Subscriber's Service immediately without notice. For a termination in accordance with this paragraph, Subscriber remains liable for all unpaid fees and other charges accrued or otherwise payable under the terms of this Agreement, including without limitation the Early Termination Fee and equipment charges set forth herein, if applicable.

11. TERMINATED SUBSCRIBER

Fyberz, in its sole discretion may refuse to accept a Subscriber's application for renewal or re-subscription following a termination or suspension of such Subscriber's use of the Service. If a Subscriber's Service is terminated for any reason, such Subscriber, upon approval by Fyberz, may enter into a new Agreement and must pay a new setup or activation fee as provided above. Upon the termination of a Subscriber's use of the Service, Fyberz has the right to immediately delete all data, files and other information stored, if any, in or for the Subscriber's account without further notice to the Subscriber.

12. ACCEPTABLE SPEED OF SERVICE

Speed rate depends upon the Subscriber's Plan and line capabilities (e.g., loop length, line condition, gauge of copper wire and Phone Company provisioning). The speed for DSL is stated under optimal conditions and may vary significantly. Speeds are subject to a 20% overhead (e.g., 45Mbps stated speed = 45Mbps times 80% throughput = 36Mbps actual speed). Minimum speeds are offered for a Subscriber and are based on the package's listed minimum speed minus 20% overhead. Actual speeds that fit the 80% of the minimum throughput criteria are considered acceptable.

13. INSTALLATION

Unless otherwise requested by the Subscriber, the first available installation date will be provided. Any installation date provided to a Subscriber is only an estimate and is no way a guaranteed installation date. Subscribers understand and agree that circumstances may arise which delay a Subscriber's estimated installation date and any such delay will not be considered a breach of this Agreement by Fyberz. Payment for your initial term's service (and if applicable: setup fees, installation fees, and equipment) must be received prior to your turn-on date in order for your setup instructions and IP information, if necessary, to be released to you. If your payment is not received by your turn-on date, you will be responsible for the service fees even though the IP and setup information has not been provided to you. A Subscriber's computer must be equipped with an Ethernet Network Interface (NIC) card for proper Internet operation. Fyberz does not include a PCI NIC card as part of the modem package.

14. SELF-INSTALLATION

Self-installation allows the Subscriber to install their DSL equipment. This option, if available, provides service to the minimum point of entry ("MPOE") of your phone service. Your MPOE is normally located outside your building. Inside wiring and inside wiring repair is not included with this option. If inside wiring or inside wiring repair is required, you must contract with your circuit provider or other professional for such work at your own cost. Faulty inside wiring is not grounds for cancellation of your contract. Multi-line phones, phone systems, alarm system or special phone configuration may require a professional installation or special multi-line phone filters. Fyberz does not provide nor is responsible for any special equipment including but not limited to a POTS splitter or multi-line phone filters. A required professional installation, need for special equipment in order to establish a connection or an incompatible phone line or phone system is not grounds for cancellation of your contract.

15. PROFESSIONAL INSTALLATION

Subscribers may request a Professional Installation for a one-time fee of two hundred dollars (\$200.00), unless certain promotion, at the time of service order, states otherwise. The Professional Installation includes setup of Subscriber's DSL modem only, excluding any inside wiring. It does not include installation of Subscriber's network card or setup of Subscriber's computer. Professional Installations may not be available in some area. If a Subscriber requires a Professional Installation it is the Subscriber's responsibility to hire a third party technician.

16. SUBSCRIBER SUPPLIED MODEM

If a Subscriber supplies their own modem, the Subscriber assumes the risk of service incompatibility. Incompatible Subscriber modems or other Subscriber equipment shall not relieve Subscribers from any of their obligations under this Agreement while troubleshooting defective or incompatible equipment even if Subscriber's Service is down during such periods of troubleshooting.

17. SUBSCRIBER PREMISE EQUIPMENT

The PPPoE connection will allow one computer to use your DSL connection. Static IP accounts include a DSL bridge which can be used ahead of one computer or router provided by you. Fyberz may not provide support for router(s). All packages include basic instructions and support.

18. TECHNICAL SUPPORT

Fyberz assumes that the Subscriber has a basic understanding of their computer. Fyberz will not train you in basic computer skills (e.g., deleting files or creating directories). Technical support is intended to facilitate the setup of your properly functioning computer system for access to our services. Your computer must recognize your modem or network card, and receive a dial tone or network link connectivity before any technical support will be dispensed. Our technical support staff is not trained

to, has no obligation to and will not assist you in installing and/or troubleshooting modems, network cards, routers, complex network configurations or telephone lines, neither will they provide any technical assistance or support for any third party Software. Fyberz is not responsible for connection problems due to a computer that is infected with viruses, spyware or malware. It is the Subscriber's responsibility to initiate and be available for technical support during Fyberz's hours of operation. If a Subscriber wishes to utilize Fyberz's technical support, the Subscriber must be available to help troubleshoot the connection or computer setup. Fyberz does not provide on-site technical support. However phone company technicians may be dispatched to troubleshoot the circuit with a Subscriber's approval. The Subscriber is solely responsible for all charges involved with dispatching a technician to troubleshoot their line.

Subscriber understands and agrees that any such technician or other person dispatched to troubleshoot Subscriber's line is not an employee or agent of Fyberz and Fyberz is not liable for any damages, costs or expenses relating to or arising from any acts, errors or omissions by any such technician or other person.

19. IP ADDRESSES

Each Subscriber is allowed one (1) computer device per IP address. Upon expiration, cancellation or termination of this Agreement, a Subscriber must relinquish any IP addresses or address blocks assigned to them by Fyberz. Fyberz may choose to assign any Subscriber a new IP address at any time.

20. ACCEPTABLE USE
